## PROJECTS

---

**Revenue insights in hospitality domain – [Power BI — Excel]  |**

- Equipped Atliq Grands' Revenue team with actionable insights to understand negative trends and inform rapid corrective strategies.
- Empowered data-driven recovery initiatives, supporting a projected 20% regain in revenue and market share for the following month.

**Marketing Analytics – CodeX Energy Drink – [Power BI , Excel]  |**

- Analyzed survey data from 10,000+ respondents across 10 Indian cities to support CodeX's market entry strategy.
- Built an interactive Power BI dashboard highlighting key insights on consumer demographics, purchase behavior, brand awareness, competitor analysis, and product feedback.

**Bookstore Data Analysis Using SQL – [SQL]  |**

- Conducted data analysis on Books, Customers, and Orders tables using SQL. Wrote basic and advanced SQL queries to extract insights on sales trends, inventory levels, and customer behavior.
- Identified top-selling books, frequent customers, and revenue patterns through aggregation, filtering, and ranking queries.
- Applied data extraction, reporting, and business intelligence techniques to support data-driven decision making.
